Type Indicators

MB type indicators are used to identify one of the sixteen personality types that an individual belongs to. The type influences identification of careers where the person is expected to contribute most as well as where she can find fulfilment. None of the types is superior or inferior to any other type. Below are the components of the 16 personality types.

Energy	Extraversion (E) Energy through people	Intraversion (I) Energy through Self-reflection
Information processing	Sensing Through 5 senses (observing)	Intuiting Understanding meaning & pattern
Decision making	Thinking Based on logics & facts	Feeling Based on empathy
Managing external world	Judging organizing and seeking closure	Perceiving Flexibility, spontaneity and openness to experience

Your type indicator – ESFP

PCI

E	S	F	P
High	Medium	Medium	Medium

Inference

E-I Dimension - Your natural preference is Extraversion, You are Open, Accessible, Energetic, Enthusiastic, Outgoing

S-N Dimension - Your natural preference is Sensing, You are Practical, Matter of fact, Observant, Realistic, Preference for actualities over possibilities

T-F Dimension - Your natural preference is Feeling, You are Supportive, Compassionate, Friendly, Harmonious, Warmth & sympathy towards people

J-P Dimension - Your natural preference is Perceiving, You are Adaptable, Spontaneous, Flexible, Gathering as much information as possible before deciding, preference to experience over organization

Inference of PCI

High

You make real-life choices in accordance to your natural preferences. This may or may not always be most appropriate to manage the current situation. However, this saves you from putting additional efforts in exercising a choice that you are not comfortable with.

You inconsistently make real-life choices in accordance to your natural preferences. At times, you make choices that are not aligned to your natural preferences. This may be when you consider doing so more appropriate to manage the situation

Medium

Low

You have not been able to clearly identify your preference or you are making a lot of real-life choices opposite to your natural preferences. This may be possibly because your learnings about how to effectively manage a situation differ from your natural preference.
