Career Excellence Process

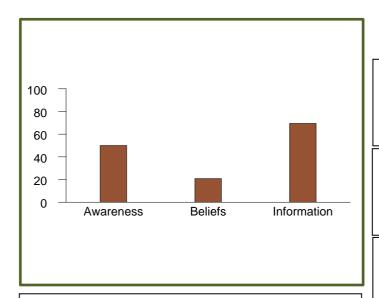

Career Situation Analysis

This represents your current state of your beliefs, self-awareness and information relevant to make career decisions.

Healthy Beliefs	Self-enabling or self-limiting beliefs of the student about his or her own capacity to make sound career decisions. If the individual has a lot of self-limiting beliefs, these prevent him/her to make career decisions about confidently and freely. This is counsellors' responsibility to work on these as a first step of the counselling process after rapport building.
Adequate self- awareness	This is an indication of the awareness of the individual about various parameters related to self, that play important role in identification of suitable careers. This assessment analyzes the same for the individual. It is counsellors' responsibility to explain various parameters in the report to individual, making him/her adequately self-aware to make reasonable career decisions.
Relevant career related information	This is an indication of the individual's awareness about career landscape – available job roles, their activities, courses required to become eligible for the same and colleges that can help him/her complete those courses. Once the counsellor has worked on the beliefs of the student and has explained the report, individual should engage with counsellor on this, to finalize final plan-A & plan-B careers.
